

# COMPANY PROFILE

At NM TECHNOLOGIES we work towards healing our planet!

in partnership with @GeePowers

## ABOUT US:

# VISION:

*At NM TECHNOLOGIES our vision is to empower a sustainable future by harnessing renewable energy and storing it for a brighter future. We are dedicated to moving South Africa and other countries towards a greener, more sustainable future one watt at a time.*

# Mission:

*Our mission is to collaborate with renewable energy leaders, accelerating the transition to 100% renewables. We heal our planet!*

# services:

## RESIDENTIAL SERVICES

- Home energy storage systems
    - ✓ **Residential energy storage system is a lithium-ion battery (most used type) combined with solar or wind power systems and connected to the grid, allowing homeowners to store excess energy for later consumption**
    - ✓ **We offer sustainable energy storage systems, catering to diverse industries**
    - ✓ **We have a highly skilled team delivering high performance and cost-effective solutions**
  - Solar storage solutions
- 

## COMMERCIAL SERVICES

- **Commercial energy storage solutions: scalable energy storage systems for businesses**
- **Renewable energy integration: integrating solar, wind, grid and other renewable energy sources with energy storage**

## INDUSTRIAL SERVICES:

*Industrial/Grid scale energy storage solutions: providing energy storage solutions for utilities*

- ✓ **By storing any access renewables and smoothing out the energy output, large scale battery energy storage systems enable variable energy shifting and ensure power supply is available and sufficient when needed.**
- *Renewable energy project solutions: developing renewable energy projects for industrial clients*

### *Service benefits:*

- *Reduced energy costs*
- *Increased energy efficiency*
- *Improved energy reliability*
- *Enhanced sustainability*
- *Increased property value*

*Target Markets: we offer National/global services*

- *Residential*
- *Commercial*
- *Industrial*
- *Government*

## KEY PARTNERSHIPS: *Global*

- *Residential*
- *Commercial*
- *Industrial*
- *Government*

## STRATEGY:

At NM TECHNOLOGIES we aim to become a global company in the near future and compete globally to capture larger renewable energy market space. NM TECHNOLOGIES we don't sell products, we sell solutions!
